Adult Medical Care

ALLERGY/ASTHMA/IMMUNOLOGY

We offer personalized testing and treatments for simple to complex issues with our locally and nationally renowned specialists.

Rafeul Alam, MD, PhD
Flavia Hoyte, MD
Rohit Katial, MD
Anita Trikha, MD
Tho Truong, MD
Richard Weber, MD

ALPHA 1 ANTITRYPSIN DEFICIENCY PROGRAM

303.398.1858, fax 303.270.2178

Robert A. Sandhaus, MD, PhD, FCCP
berendj@njhealth.org

AUTOIMMUNE LUNG CENTER

Our center works within the framework of a premier respiratory medical facility and is one of the best in the world to seek care for autoimmune lung diseases. The center provides patients with a unique, cross-specialty approach to care. We bring our rheumatologists, pulmonologists and other related health care providers together to coordinate evaluation and management strategies.

Kevin Brown, MD
Gregory Cosgrove, MD, FCCP
Evans Fernandez-Perez, MD, MSc
Aryeh Fischer, MD
Stephen Frankel, MD
Tristan Huie, MD
Joshua Solomon, MD
Jeffrey J. Swigris, DO, MS

CARDIOLOGY

We have leading heart experts who collaborate with our pulmonologists to offer comprehensive cardiac evaluations with advanced testing and latest generation imaging. In addition to general cardiology patients, including those with hypertension, dyslipidemia and coronary disease, we treat dyspnea, pulmonary hypertension, cardiac sarcoidosis and other lung-related cardiac problems. We also offer a world-class comprehensive program for cardiac disease prevention, nutrition and exercise training.

J. Kern Buckner, MD
Brett Fenster, MD, FACC, FACP
Andrew Freeman, MD, FACC, FACP
Darlene Kim, MD
Howard D. Weinberger, MD, FACC
Adam Zucker, MD

COPD PROGRAM

Our multidisciplinary program improves quality of life and reduces hospitalizations through individual treatments and patient education.

Russell Bowler, MD, PhD
James Crapo, MD
William Janssen, MD
Steven Lommatzsch, MD
Barry J. Make, MD

CYSTIC FIBROSIS PROGRAM

As the largest adult cystic fibrosis center in the United States, we provide ongoing treatment for hundreds of patients.

Steven Lommatzsch, MD
David Nichols, MD
Jerry Nick, MD
Milene Saavedra, MD
Jennifer L. Taylor-Cousar, MD

DIABETES/NEPHROLOGY

We offer a three-tiered program for Type II diabetes mellitus patients that includes physician and nutrition consults and an AADE-accredited patient education program.

Elizabeth F. Kern, MD, MS

ENT/OTOLARYNGOLOGY

Matthew Clary, MD
Anne Getz, MD
Todd T. Kingdom, MD
Vijay Ramakrishnan, MD

ENVIRONMENTAL AND OCCUPATIONAL HEALTH SCIENCES

Our team provides comprehensive diagnostic and therapeutic services for a broad range of occupational, environmental and granulomatous lung diseases.

E. Brigitte Gottschall, MD, MSPH
Nabeel Y. Hamzeh, MD
Lisa Maier, MD, FCCP
Annyce S. Mayer, MD, MSPH
Karin Pacheco, MD
Cecile Rose, MD, MPH

Miners Clinic

Dr. Rose leads the Miners Clinic, a free, confidential screening program for current and retired miners and uranium workers.

877.255.LUNG

E. Brigitte Gottschall, MD, MSPH
Cecile Rose, MD, MPH

GASTROENTEROLOGY/COLON CANCER SCREENING PROGRAM

We diagnose and treat all gastrointestinal issues, including all GI malignancies. Our screening colonoscopies are some of the most comprehensive and complete in the region. Our detection rates for disease are significantly higher than the national average.

Peter Baker, MD
Jeffrey King, MD
Miranda Ku, MD, MPH
Lurette Morton, MD
Neil Toribara, MD

HEMATOLOGY

In our newest clinical locations we specialize in the screening, diagnosis and treatment of blood disorders, including anemia, blood clotting disorders, erythrocytosis, idiopathic thrombocytopenic purpura (ITP), myelodysplastic syndromes (MDS) and thrombocytopenia.

Robert Kantor, MD
William Lee, MD

HIV/VIROLOGY PROGRAM

Ken Lichtenstein, MD

INFECTIOUS DISEASE

Our team can diagnose and treat all infectious diseases from simple to drug resistant.

303.398.1279, fax 303.270.2119
tblab@njhealth.org

Charles Daley, MD
Wendi Drummond, DO
Gwen A. Huitt, MD, MS
Shannon Kasperbauer, MD

INTERSTITIAL LUNG DISEASE (ILD) PROGRAM

Our specialists are experienced in the diagnosis and treatment for ILD, idiopathic pulmonary fibrosis, connective tissue or autoimmune disease-related pulmonary fibrosis, hypersensitivity pneumonitis, sarcoidosis and other lung diseases. We offer familial pulmonary fibrosis genetic counseling.

Kevin Brown, MD
Gregory Cosgrove, MD, FCCP
Evans Fernandez-Perez, MD, MSc
Stephen Frankel, MD
Tristan Huie, MD
Amy Olson, MD, MSPH
Joshua Solomon, MD
Jeffrey J. Swigris, DO, MS
Zulma Yunt, MD

INTERVENTIONAL PULMONOLOGY

You have access to the region's only fellowship-trained interventional pulmonologist, specializing in lung nodule detection and staging with navigational bronchoscopy and minimally invasive treatment of pleural disease.

Ali I. Musani, MD, FACP, FCCP
Kendra Hammond, MD

NEUROPSYCHOLOGICAL TESTING

We offer comprehensive evaluation of brain-behavior relationships via standardized cognitive assessment when patients display signs and symptoms of intellectual compromise, cognitive decline and/or neurobehavioral dysfunction.

Elizabeth Kozora, PhD, ABPP/ABCN
Sarah Viamonte, PhD, MSPH
Brian Yochim, PhD, ABPP

ONCOLOGY

Your patients will receive compassionate and individualized care, including diagnosis, staging and treatment for all adult cancers.

Laurie Carr, MD
James Jett, MD
Robert Kantor, MD
Jeffrey A. Kern, MD
William Lee, MD

Lung Cancer Program

Our program offers expedited diagnosis (48- to 72-hours), staging, surveillance and personalized treatment plans, low-dose lung cancer screening CT, onsite infusion and collaboration with community radiation and surgery providers. We offer the nation's first lung nodule registry developed and housed at National Jewish Health. Our Lung Cancer Screening Program is accredited by the Lung Cancer Alliance and the American College of Radiology.

Laurie Carr, MD
Debra Dyer, MD
Philip Hanna, MD
James Jett, MD
Jeffrey A. Kern, MD
Bronwyn Long, RN, DNP, MBA
David Lynch, MD

Jonathan Chung, MD
Debra Dyer, MD
John Gerhold, MD
Valerie Hale, MD
David Lynch, MD

REHABILITATION SERVICES

Patients love the individualized attention they receive in our comprehensive program. We offer a full range of evaluations and treatments for all health conditions: PT, ST, OT, RT and massage therapy. Direct referrals are accepted. Our fitness center is open to the public. Arthritis Foundation approved classes are offered in our 92° therapeutic pool.

303.398.1490, fax 303.270.2238

RHEUMATOLOGY

A physician referral is required. Our program offers expertise in the clinical assessment and management of a broad array of complex systemic autoimmune and auto-inflammatory diseases. We are not able to assess or manage patients with fibromyalgia, chronic fatigue, chronic pain or osteoarthritis.

Aryeh Fischer, MD
Barbara Goldstein, MD, MMSc
Kristen DeMoruelle, MD
Mehrnaz Maleki, MD
Richard Meehan, MD
JoAnn Zell, MD

SLEEP MEDICINE

We are the only comprehensive Sleep Medicine Center in the Rocky Mountain region.

- 2 testing locations – Denver, Englewood/DTC
- 2 office locations – Denver, Highlands Ranch
- CPAP monthly support group

PEDIATRIC DAY PROGRAM

The Pediatric Day Program is our unique, comprehensive program in which patients and their families participate in appointments, disease management education and therapeutic activities over consecutive days. The program is well-suited for patients living outside the Denver metro area. Patients appreciate the intensive treatment in an outpatient setting.

PULMONOLOGY

Our pulmonary team provides detailed assessment and treatments. Medical hypnotherapy is offered for children with pulmonary and vocal cord dysfunction (VCD) conditions.

David P. Nichols, MD
J. Tod Olin, MD
Jennifer Taylor-Cousar, MD

PULMONARY PHYSIOLOGY SERVICES

Refer your patients to one of the world's largest pulmonary testing laboratories. Individual and unique testing is available.

303.398.1530, fax 303.270.2153

RADIOLOGY

Institute for Advanced Biomedical Imaging

Our nationally recognized expertise accompanied by state-of-the-art equipment and software provides your patients with the most accurate diagnosis in the shortest amount of time with the least amount of radiation. Advanced pediatric imaging services include: radiology, GI fluoroscopy, CT, MRI and bone density scans. All other advanced imaging procedures and interpretations are referred to Children's Hospital Colorado.
